## Air Discharge Permit Application Notice

Application Number	CO-1076
Affected Facility	Weyerhaeuser Longview Lumber 2901 Industrial Way, Longview, WA 98632
Description of Facility	Weyerhaeuser Longview Lumber is a dimensional lumber mill in Longview, Washington. Lumber operations at the facility include log receiving and storage; lumber receiving and storage, shipping facilities; lumber dry kilns; lumber planer lines, anti-sapstain spray treatment systems, wood residual storage and shipping, and maintenance support activities.
Source Designation	<u>Title V.</u> The facility is a stationary source subject to the Operating Permit Program contained in Chapter 173-401 WAC. Potential facility emissions are greater than 100 tpy of any single criteria pollutant, greater than 10 tpy of any single hazardous air pollutant, and/or greater than 25 tpy of any combination of hazardous air pollutants. The current permit action will reduce allowable potential emissions and allow the facility to opt-out of the Operating Permit Program.
Purpose of Application	SWCAA has received a permit application for establishment of voluntary emission limits on potential emissions from lumber dry kilns at the above described facility. The application has not yet been reviewed to determine if it is administratively complete. The SWCAA permit writer identified below will be reviewing the application to make a determination of completeness and, if necessary, make a request for additional information. A copy of the application will be available to the public when the application is determined to be complete.
Affected Pollutants	The proposed permitting action is expected to impact emissions of the following pollutants: VOC, HAPs, TAPs
Public Comment Period	A 30 day public comment period will be provided for this application/permit pursuant to SWCAA 400-171(3). When complete, a copy of the draft permit will be made available at the SWCAA business office and posted on the SWCAA permit webpage ( <a href="http://www.swcleanair.org/permitprelims.asp">www.swcleanair.org/permitprelims.asp</a> ). A notice announcing the draft permit will be published in a local newspaper.
Opportunity for Public Involvement	Any person who wishes to review or comment on this application/permit may: <ul style="list-style-type: none"> <li>• Contact the agency contact person identified below for more information;</li> <li>• Request a copy of the draft permit via regular or electronic mail when available. Requests for a copy of the draft permit must be submitted to SWCAA in writing via letter, fax, or electronic mail no later than the date specified below;</li> </ul> If a public comment period is provided, any person may: <ul style="list-style-type: none"> <li>• Provide comment on the draft permit if a public comment period is provided. Comments must be submitted to SWCAA in writing prior to the end of the designated public comment period; and/or</li> <li>• Request a public hearing for the draft permit. Public hearing requests must be received by SWCAA in writing during the designated public comment period, indicate the interest of the person filing the request, and state why a hearing is warranted. A public hearing will be held if the Control Officer determines that significant public interest exists.</li> </ul>
Application Dates	Date application received: June 15, 2023 Date of application notice: June 23, 2023 Last date to request a public comment period: July 8, 2023
